TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

PART 721—CORN

PROCLAMATION OF COMMERCIAL CORN-PRODUCING AREA FOR 1957

§ 721.801 *Basis and purpose.* (a) This document is issued to proclaim the commercial corn-producing area for 1957 pursuant to sections 301 (b) (4) and 327 of the Agricultural Adjustment Act of 1938, as amended.

(b) In making the determinations contained in § 721.802, the corn acreage estimates of the Agricultural Marketing Service (formerly Bureau of Agricultural Economics) and the statistics of the Bureau of the Census relating to numbers of farms and acreage of farmland were used, adjusted where necessary to reflect the difference in the definition of "farm" used by the Commodity Stabilization Service and the Agricultural Conservation Program Service from that of the Bureau of the Census. It is hereby found and determined that the statistics of the Agricultural Marketing Service (formerly Bureau of Agricultural Economics) and the Bureau of the Census, as so adjusted and supplemented by Agricultural Conservation Program Service data, constitute the latest and most reliable statistics of the Federal Government.

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.805 *Orange Regulation 302—*
(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of all Florida oranges, except Temple oranges, as here-

inafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than October 29, 1956. Shipments of all oranges, except Temple oranges, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, and will so continue until October 29, 1956; the recommendation and supporting information for continued regulation subsequent to October 28, 1956, were promptly submitted to the Department after an open meeting of the Growers Administrative Committee on October 23, 1956; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of all oranges, except Temple oranges, and compliance with this section will not require any special preparation on the part of the persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., October 29, 1956, and ending at 12:01 a. m., e. s. t., November 12, 1956, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida, which (a) do not grade at least U. S. No. 1 Bronze, or (b) are of a size smaller than a size that will pack 252 oranges, packed in accordance with the requirements of a standard pack, in a standard 1½ bushel nailed box.

(2) As used in this section, the terms "handler," "ship," and "Growers Administrative Committee" shall each have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 1 Bronze," "standard pack," and "standard 1½ bushel nailed box" shall have the same meaning as when used in the United States Standards for Florida Oranges and Tangelos (§§ 51.1140-51.1186 of this title; 20 F. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than October 29, 1956. (ii) Any seeded grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iii) Any seedless grapefruit, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, "handler," "ship," and "Growers Administrative Committee" shall have the same meaning as when used in said amended marketing agreement and order; the terms "U. S. TANGERINES GROWN IN FLORIDA
LIMITATION OF SHIPMENTS

§ 933.807 *Tangerine Regulation 178—*
(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other avail-

able information, it is hereby found that the limitation of shipments of tangerines, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions effective not later than October 29, 1956. Shipments of tangerines, grown in the State of Florida, are presently subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order and will so continue until October 29, 1956; the recommendation and supporting information for continued regulation subsequent to October 28, 1956, was promptly submitted to the Department after an open meeting of the Growers Administrative Committee on October 23, 1956; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time hereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such tangerines; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of tangerines, and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed on or before the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., October 29, 1956, and ending at 12:01 a. m., e. s. t., November 12, 1956, no handler shall ship:

(i) Any tangerines, grown in the State of Florida, that do not grade at least U. S. No. 1; or

(ii) Any tangerines, grown in the State of Florida, that are of a size smaller than the size that will pack 176 tangerines, packed in accordance with the requirements of a standard pack, in a half-standard box (inside dimensions 9½ x 9½ x 19½ inches; capacity 1,726 cubic inches).

(2) As used in this section, "handler," "ship," and "Growers Administrative Committee" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 1" and "standard pack"

shall have the same meaning as when used in the revised United States Standards for Florida Tangerines (§§ 51.1810-51.1836 of this title).

S. C. 601 et seq.; 68 Stat. 906, 1047), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on October 24, 1956; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including

PART 970—IRISH POTATOES GROWN IN MAINE

LIMITATION OF SHIPMENTS

Findings. a. Pursuant to Marketing Agreement No. 122 and Order No. 70 (7 CFR Part 970) regulating the handling of Irish potatoes grown in the State of Maine, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Maine Potato Marketing Committee, established pursuant to said marketing agreement and order, and upon other available information, it is hereby found that the amendment to the limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

b. It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (1) the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient; (2) more orderly

marketing in the public interest, than would otherwise prevail, will be promoted by regulating shipments of potatoes, in the manner set forth below, on and after the effective date of this amendment; (3) the provisions of the current limitation of shipments regulation (§ 970.303; 21 F. R. 6911) will continue in effect until July 13, 1957, unless sooner terminated, suspended, or amended; (4) shipments of potatoes grown in the production area have begun with the bulk of the crop yet to be marketed; (5) on October 22, 1956, the committee forwarded the results of a mail vote recommendation with respect to the amendment hereinafter set forth, that should apply to the handling of the largest portion of such potatoes and would tend to maximize the benefits accruing from the regulatory program and the act; (6) information regarding the committee's recommendation has been made available to producers, handlers, and all other interested parties in the production area, which recommendation contained the same provisions as the amendment hereinafter set forth; (7) this amendment should be made effective on the date hereinafter set forth, and should be published in the FEDERAL REGISTER as soon as practical, to afford persons subject thereto the maximum time to prepare therefor; (8) compliance with this amendment will not require any special preparation on the part of the handlers which cannot be completed by such effective time; and (9) reasonable time is permitted, under the circumstances for such preparation.

Order, as amended. The provisions of § 970.303 (b) (1) (FEDERAL REGISTER, September 13, 1956; 21 F. R. 6911) are hereby amended to read as follows:

(b) *Order.* (1) During the period from October 29, 1956, through July 13, 1957, and except as otherwise provided in this section, no handler shall ship: (i) Potatoes of the round white or red skin varieties unless at least 90 percent of such potatoes are "fairly clean" and such potatoes meet the requirements of the U. S. No. 1, or better, grade, 2 1/4 inches minimum diameter and 4 inches maximum diameter; or (ii) potatoes of the long varieties (including, but not being limited to, the Russet Burbank variety) unless such potatoes are "generally fairly clean to clean, mostly clean," which means that not less than 55 percent of such potatoes are clean and not more than 10 percent are slightly dirty, and such potatoes meet the requirements of (a) the U. S. No. 1, or better, grade, Size A, 2 inches minimum diameter or 4 ounces minimum weight, or (b) the U. S. No. 2, or U. S. Commercial grade, 5 ounces minimum weight.

In the Matter of Herbert L. Gundlach, Individually and Doing Business as Civilian Service Bureau

This proceeding was heard by a hearing examiner on the complaint of the Commission—charging an individual engaged in Greensboro, North Carolina, in the interstate sale and distribution of a correspondence course intended to prepare persons for examinations for Civil Service positions, with representing falsely in advertisements in newspapers and by means of double post cards distributed to prospective students, and sales agents who called upon them, that he was connected with the federal Government, that many Civil Service positions were available and that students completing his courses were guaranteed appointment to them, that his school was a corporate entity with various departments, among other things, and with using a fictitious name to collect accounts—and an agreement between the parties providing for entry of a consent order.

On this basis, the hearing examiner made his initial decision and order to cease and desist which, by order of October 12, became on October 13 the decision of the Commission.

The order to cease and desist is as follows:

It is ordered, That respondent Herbert L. Gundlach, an individual trading under the name of Civilian Service Bureau or under any other name or names, and respondent's agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of courses of study and instruction, do forthwith cease and desist from:

(b) That positions in the United States Civil Service which may be open are available to all persons.

(c) That positions in the United States Civil Service are open which are restricted to any group or otherwise restricted or require certain qualifications, unless such restrictions and qualifications are clearly set forth.

(d) That the starting salary, or any other salary, that may be received by persons for any Civil Service position is higher than is the fact.

(e) That respondent's agents or representatives are qualified to pass upon the qualifications of persons for any specific Civil Service position.

(f) That persons will not be permitted to purchase the course unless they are qualified for the position desired.

(g) That prospective purchasers will lose the opportunity to purchase the course unless the purchase is made at the time of the first visit of respondent's agent or representative.

(h) That respondent will provide additional training to purchasers of his course who have failed to pass a Civil Service examination.

(i) That respondent makes refunds of the amount paid, or any amount, to the purchasers of his course.

(j) That respondent or his business is connected with the United States Civil Service, the United States Government, or any agency thereof.

(k) That respondent or his agents or representatives are representatives or employees of the Civil Service Commission or have any connection therewith.

(l) That the completion of respondent's course makes persons eligible for appointments to, or assures them of, or guarantees United States Civil Service positions.

(m) That prospective purchasers have been especially selected.

(n) That purchasers of respondent's course have any assurance that, in the event they obtain a Civil Service position, they will be stationed at or near their homes or at any certain location.

(o) That purchasers of respondent's course may obtain Civil Service positions regardless of the fact that they do not have the required qualifications or status.

(p) That respondent's course is designed to qualify persons to take examinations for specific Civil Service positions.

2. Using the trade name "Civilian Service Bureau" or any other trade name which suggests or implies that respondent or his business has some connection with the Civil Service Commission.

3. Using the terms "Director of Public Relations", "Director of Education" or any other word or terms which suggest or imply that respondent conducts a school or that it consists of various departments.

4. Using the title "Executive President" or any other word or terms or otherwise representing that respondent's business is a corporation.

5. Using the fictitious name "Tri-State Adjustment Bureau" or any other name in connection with the collection of accounts or representing or implying in any manner that an independent agency is collecting respondent's accounts.

6. Soliciting, procuring or accepting contracts of enrollments for respondent's course without permitting prospects to read the contract over fully and to fully understand its terms.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That the respondent herein shall within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and

form in which he has complied with the order to cease and desist.

Issued: October 12, 1956.

By the Commission.

Serious toxic effects have been reported to be associated with such use of cobalt preparations, but there is a difference of opinion whether the cobalt preparations state of scientific knowledge regarding In view of the limitations of the current state of scientific knowledge regarding cobalt and in the interest of public health protection, the Food and Drug Administration is adopting the following policies concerning cobalt preparations intended for use by man.

(a) Preparations containing per dosage unit more than 10 milligrams of cobalt chloride, or more than 2.5 milligrams of cobalt in the form of any cobalt salts are not safe for use except under the supervision of a practitioner licensed by law to administer the drug.

(1) Such preparations should be labeled with the statement "Caution: Federal law prohibits dispensing without prescription."

(2) Such preparations are regarded as new drugs within the meaning of section 201 (p) of the Federal Food, Drug, and Cosmetic Act if their labeling or advertising sponsored by or on behalf of their distributor prescribes, recommends, or suggests the administration of more than 15 milligrams of cobalt in the form of any of its salts; for example, more than 60 milligrams of cobalt chloride per 24-hour period.

(3) The labeling of such preparations should bear adequate information for their use by physicians including, among other things, the following:

(i) A statement that substantial quantities of iron salts should usually be administered simultaneously with the administration of cobalt, to obtain the maximum hemopoietic effect.

(ii) A forthright disclosure of the toxic and adverse effects reported to be associated with the use of cobalt, including those effects in which the role of cobalt may be controversial.

(iii) Disclosure of the fact that the possible deleterious effects of prolonged administration of cobalt are not fully known.

(b) Articles containing per dosage unit more than 2 milligrams but not more than 10 milligrams of cobalt chloride, or more than 0.5 milligram but not more than 2.5 milligrams of cobalt in the form of any cobalt salts may be labeled with adequate directions for use in the self-medication of simple iron-deficiency anemia only; but such articles will be regarded as misbranded under the provisions of section 502 (f) (1) and/or section 502 (f) (2) and/or section 502 (j), and may be regarded as new drugs within the meaning of section 201 (p) of the act, unless all the following conditions are met:

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter A—Aid of Civil Authorities and Public Relations

PART 511—ASSISTANCE TO RELATIVES AND OTHERS IN CONNECTION WITH DECEASED PERSONNEL

SURVIVOR ASSISTANCE

New §§ 511.6 to 511.11 are prescribed to read as follows:

§ 511.6 *Definitions.* As used in this part, the following definitions apply:

(a) *Next of kin.* The legal next of kin of a member of the Army is the person of any age most closely related to the member according to the line of succession as follows:

(1) Widow or widower (if not divorced, legally separated, or remarried).

(2) Sons in order of seniority.

(3) Daughters in the order of seniority.

(4) Father (unless legal custody of decedent was vested in the mother by reason of a court decree or statutory provision).

- (5) Mother.
- (6) Brothers in the order of seniority.
- (7) Sisters in the order of seniority.
- (8) Grandfathers in the order of seniority.
- (9) Grandmothers in the order of seniority.
- (10) Other next of kin in the order of relationship to deceased, computed in accordance with civil law rules. Seniority will control where persons are of equal degree of relationship, except that males will have priority over females.
- (11) Persons in loco parentis to the decedent.

(b) *Adult next of kin.* The adult next of kin is the adult highest in the line of succession appearing in paragraph (a) of this section, but if the deceased member left a widow or widower who is a minor, the widow or widower will nevertheless be considered the adult next of kin. Disposition of remains is made upon instructions of adult next of kin only but with respect to matters not involving disposition of remains, reference to next of kin will mean the legal next of kin determined according to the line of succession shown in paragraph (a) of this section.

(c) *Dependents.* The lawful wife and unmarried children under 21 years of age of an Army member are considered his dependents. Other relatives, as listed below, are considered as dependents provided that they are in fact dependent on the Army member for over half their support.

- (1) Father and mother.
- (2) Unmarried children over 21 years of age who are incapable of self-support because of being mentally defective or physically incapacitated.

(d) *Missing.* As applied in this part to members of the Army, the term "missing" includes "missing in action."

(e) *Commanding general of the area.* The term "commanding general of the area" when used in this part includes ZI army commanders, the Commanding General, Military District of Washington, and major overseas commanders.

(f) *Commanding General of the ZI Army area.* The term "Commanding General of the ZI Army area" when used in this part includes the Commanding General, Military District of Washington.

§ 511.7 *Responsibility.* (a) ZI army commanders and commanders of major overseas commands are responsible for administering and monitoring the assistance program within their areas. They will assign assistance cases to the Army installation located nearest the residence of the next of kin or dependents, and insure that assistance is extended under this part without undue delay.

(b) Each installation commander is responsible for:

- (1) Appointing a survivor assistance officer or officers.
- (2) Assuring that the assistance required by this part is rendered to the next of kin or dependents of deceased or missing personnel in each case assigned to his installation by the commanding general of the area.

(c) The senior Army representative in areas outside the continental United States in which there are no Army installations will assume responsibility for extending assistance.

§ 511.8 *Survivor assistance officers.* A survivor assistance officer or officers (preferably a field grade officer) will be appointed at each Army installation and will be provided from current personnel authorizations. He will be impressed with the seriousness of his mission; the fact that he actually represents the Department of the Army; and that he will be calling on the next of kin and dependents at a time of great stress. Extreme caution will be exercised by survivor assistance officers in advising the next of kin and dependents as to expected benefits so as to avoid misrepresenting facts. Approximate dollar amounts may be specified in certain instances. However, it will be emphasized that determination as to entitlement and actual payment rests with the office or agency charged with the responsibility of administering the benefit. The installation legal assistance officer is available at all times to assist both the survivor assistance officer and the next of kin and dependents of the deceased. It is important that the survivor assistance officer recognize that the technical aspects involved in legal matters can be most complicated and he should furnish only general information to the next of kin or dependents. The most practical aid that can be given is to refer the individuals concerned to the legal assistance officer of the installation for legal guidance and specific information. In any event, the family should be advised that the services of legal assistance officer are available.

§ 511.9 *Persons entitled to assistance.* (a) Next of kin or dependents of the following persons are entitled to receive assistance covered by this part:

- (1) Deceased or missing members of the Active Army.
- (2) Deceased members of the Army Reserve Components who fall within the scope of act June 20, 1949 (63 Stat. 202; 10 U. S. C. 456). This act refers to those reservists who die as a result of injuries received while engaged in reserve duty training or active duty for training for any period of time, or as a result of disease incurred while engaged in extended military service in excess of 30 days.

(b) In cases where two or more persons living at different places require or deserve assistance, it may be necessary that more than one installation commander make provision for rendering assistance.

§ 511.10 *Assistance furnished.* The survivor assistance officer will contact the next of kin and dependents to:

- (a) Determine the immediate needs of the dependents. If requested, arrangements will be made with the Army Emergency Relief, Army Relief Society, or American Red Cross for consideration of a request for emergency financial assistance.
- (b) Offer help in arranging for available military honors, if desired.

(c) Assure the next of kin and dependents of the Army's interest in their welfare.

(d) Arrange for a personal visit, on the earliest date convenient, to the next of kin or dependents, to discuss monetary and other benefits which may be allowable as a result of the death of the Army member. If the member is in a missing status and new or additional allotments are necessary, the survivor assistance officer will assist the individual concerned in making the application.

(e) Counsel the next of kin and dependents during the second and subsequent visits regarding benefits and aid them in filing necessary claims or applications. See § 511.11 for list of benefits.

§ 511.11 *List of benefits.* Information, counsel, and assistance pertaining to any of the following benefits will be furnished by the survivor assistance officer:

- (a) Allotment of Pay to Dependents of Missing Army Members.
- (b) Burial.
- (c) Civil Service Preference.

PUBLIC SERVICE COMPANY OF OKLAHOMA

NOTICE OF FILING OF APPLICATION-DECLARATION REGARDING A PROPOSED CONTRACT WITH A NON-AFFILIATE FOR NATURAL GAS SUPPLY FOR FUEL IN GENERATING STATIONS

OCTOBER 23, 1956.

Notice is hereby given that Public Service Company of Oklahoma ("Public Service"), an electric public-utility subsidiary of Central and South West Corporation, a registered holding company, has filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), an application-declaration with respect to a proposed contract with Transok Pipe Line Company ("Transok"), a non-affiliated intrastate natural gas pipeline company. The application-declaration states that sections 6, 7, 9 (a) (1) and 10 of the act may be applicable to the transactions.

All interested persons are referred to the application-declaration on file in the office of the Commission for a statement of the transactions therein proposed, together with certain related facts and circumstances, which are summarized below.

Public Service utilizes natural gas as fuel in its boilers at its principal electric generating stations. Public Service proposes to enter into an amended gas purchase contract with Transok for the term beginning with the date of its execution and ending November 1, 1980, with the right on behalf of either party to extend the term for an additional five years. Transok will undertake to supply and Public Service agrees to purchase, such of the natural gas fuel requirements of Public Service as are not supplied by others. Under the contract, Transok's pipe line and its natural gas supply is dedicated to Public Service which has first call thereon. Public Service is obligated to take, or pay for if not taken, annual minimum volumes of gas, at prices per Mcf sufficient to cover Transok's costs, including interest on, and amortization of \$13,500,000 principal amount of its 3½ percent first mortgage bonds due 1980. Public Service also agrees that, in the event of a breach of any of the terms of the contract by Transok

that Public Service will, at the election and upon the demand of the trustee under Transok's bond indenture, either take over the operation of Transok's pipe line or purchase the pipe line and pay to the indenture trustee, as rentals or as the purchase price, such amounts as then or thereafter are payable by Transok on account of principal and interest, or otherwise, upon Transok's then outstanding bonds, such payments to be made to the indenture trustee when and as they are payable by the terms of Transok's bonds.

The application-declaration states that no State or Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than November 6, 1956, request in writing that a hearing be held in respect of such matters, stating the nature of his interest, the reasons for such request, and the issues of fact or law which he desires to controvert, or he may request that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D. C. At any time after said date the Commission may grant and permit to become effective the application-declaration, as filed or as it may be amended, as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may grant exemption from its rules as provided in Rules U-20 (a) and U-100, or take such other action as it may deem appropriate.

COTTON VELVETEEN FABRICS "ESCAPE CLAUSE" REPORT

OCTOBER 24, 1956.

The Tariff Commission today submitted a report to the President on its findings and recommendations in "escape clause" Investigation No. 49 under section 7 of the Trade Agreements Extension Act of 1951, as amended, with respect to cotton velveteen fabrics. Such fabrics are dutiable under paragraph 909 of the Tariff Act of 1930, as modified pursuant to concessions granted in the General Agreement on Tariffs and Trade. Under that agreement plain-back velveteens are subject to a duty of 25 percent ad valorem and twill-back velveteens are subject to a duty of 25 cents per square yard but not less than 22½ percent ad valorem nor more than 30 percent ad valorem.

The Commission unanimously found that, as a result in part of the customs treatment reflecting the aforementioned concessions, cotton velveteen fabrics (plain-back and twill-back) are being imported into the United States in such increased quantities, both actual and relative, as to cause serious injury to the domestic industry producing like or directly competitive products. The Commission also found (Commissioner Jones dissenting) that in order to remedy this serious injury, it is necessary that the duty on the imports of plain-back velveteens be increased to 46½ percent ad valorem and the duty on the imports of twill-back velveteens be increased to 56½ percent ad valorem. Commissioner Jones found that an adequate remedy for the serious injury would be provided if a duty of 44 percent ad valorem were imposed on the imports of all cotton velveteens, plain-back as well as twill-back.

The Commission's report contains a summary of the information assembled in the investigation and also a statistical appendix. Copies of the report may be secured upon request as long as the limited supply lasts. Address requests to the United States Tariff Commission, Eighth and E Streets NW., Washington, D. C.
